**NAVAL ORDERS**  
The Navy Department has issued orders regarding the deployment of naval forces.

**REMEMBER THIS**  
Will power is an admirable thing, until it happens to stack up against won't power.

**Will Rogers Remarks:**  
SANTA MONICA, Aug. 10. (To the Editor of the Times:) Moses came west today, not the Moses of olden times, but the one from the granite swamps of old New England. Tomorrow he is to strike the mountains of California and out will come a command which will read: "Go forth, Herbert, and preach unto the destitute corners of this land the benefits of Republican prosperity, promise aid to the farmer who needs sugar, and is one, perhaps, to 'em the parables of the protected tariff, lay ye heavy on the evils of the wine when it is red, and for God's sake save the post-offices for the Republicans." 54 myrtle, the words of Senator Moses, Amen.

**Italian Blast Declared Fatal**  
VIENNA, Aug. 10. (P.)—The Abend says today that notwithstanding Italian official denials it has direct reports that the explosion in a torpedo factory at the Italian naval base in Spedia last week took nearly 100 lives.

**Blacker Safe in French Exile**  
PARIS, Aug. 10. (Exclusive)—Foreign Minister Briand is preparing to send to Washington a refusal to comply with the request of President Coolidge for the extradition of Harry Campbell, according to the newspaper La Presse.

**"Fountain of Youth"**  
If Ponce De Leon had discovered the fountain, he would have found a more satisfactory substitute for the fountain of youth he sought.

**SIAMESE PAIR AWAIT KNIFE**  
Twin Girls, Joined at Base of Spine, Want to be Separated So One Can Marry

**Submarine Dead Buried in Italy**  
POLA (Italy) Aug. 10. (P.)—Thousands of persons participated today in the solemn funeral rites for the victims of the F-14 submarine disaster, crowding the route from the main entrance of the hospital where the bodies had been taken to the square before the church of the Madonna di San Luca.

**Eighteen Hurt in Train Wreck**  
FONDA (N. Y.) Aug. 10. (P.)—Eighteen persons were injured, one seriously, and a score shaken badly when a diner and a Pullman chair car of New York Central train 58, the Metropolitan, left the rails and hurtled over the edge of a fifteen-foot embankment near here this afternoon.

**Bay City Again Has Rain Trace**  
SAN FRANCISCO, Aug. 10. (Exclusive)—Bay fog was sufficiently heavy again today to demand attention on Weather Bureau gauges in the form of rain, but only as a trace.

**SIAMESE PAIR AWAIT KNIFE**  
NEW YORK, Aug. 10. (Exclusive)—Margaret and Mary Gibb of Holyoke, Mass., who are said to be the only American "Siamese twins," are in a private hospital here today waiting to undergo an operation to separate them. It was the twins' decision to submit to a surgical knife after Margaret, the prettier of the two, became enamored of a young man she will marry if the bands which join her and her sister can be severed.

### DU PONT COMES OUT FOR SMITH

Raskob Associate Joins in Antidraft Movement

Prohibition Chief Cause of His Entering Fight

Governor Declared Capable of Being President

NEW YORK, Aug. 10. (AP)—Pierre S. Du Pont, chairman of the board of one of the largest corporations in the country, who characterizes himself as "ordinarily a Republican," although he says he voted for Wilson, today came out in support of the presidential candidacy of Gov. Smith.

In a formal statement issued within twenty-four hours after he had been granted leave of absence as chairman of the General Motors Corporation, Du Pont said Gov. Smith has the "strength of character to correct the errors of prohibition law enforcement and make recommendations necessary for the solution of the liquor problem."

### LITTLE CHOICE

"While ordinarily a Republican," Du Pont said, "I have always interested myself in the plans and policies involved in the personality of a candidate more than in a name of the party and I believe that no intelligent voter can do otherwise."

The platform of the two dominating parties have become reconciled to a degree that makes choice between them difficult. Neither platform presents a stand on any important question differing materially from the position of the other."

Du Pont reviewed Gov. Smith's political record, especially his election four times as chief executive of the State, and added: "Gov. Smith has proved himself an able executive, one who can be trusted with the conduct of national affairs."

### LIQUOR QUESTION

Turning again to prohibition, Du Pont continued: "The really important issue before the country, namely that of maintaining intact our original form of government and the liberties of the people, is not dealt with in either party platform. The issue has been raised by the Eighteenth Amendment to the Constitution. Five years of experiment have proved that prohibition does not prohibit, strong drink is still readily obtainable and the ill effects of its abuse remain with us."

"Now, Smith, both before and after his nomination, has spoken clearly in favor of modification. Du Pont said, adding further: "His declaration in favor of modification gives greater encouragement than does the noncommittal opinion of his opponent."

He added, "nine years of Republican domination" have failed to secure "killing of transient citizens."

### DON'T FOOL YOURSELF

Since halitosis never announces itself to the victim, you simply cannot know when you have it.

## Make yourself welcome - end halitosis

Before meeting others you would like to impress agreeably, make sure that you are free of halitosis (unpleasant breath) which offends so many. Simply rinse the mouth with Listerine. It does the trick.

Don't fool yourself that you never have halitosis because you simply cannot know when you are a victim. It doesn't announce itself to you. But it does to others—and is unforgivable.

Listerine ends halitosis because it is a powerful deodorant. Make the test and prove it! Rub a little onion on your hand. Then apply Listerine clear. Immediately the odor disappears.

Keep a bottle handy at home and office and use it often. It pays. Lambert Pharmaceutical Company, St. Louis, Mo., U. S. A.

## CANCER WAR SHIFTS BASE

Expert Says Vital Systems of Body Being Studied and Aid of Chemists Appealed For

CHICAGO, Aug. 10. (Exclusive)—Coming with a plea to chemists to join biologists and physiologists in their efforts to discover the cause of cancer, Dr. Elmer McDonald, chairman of cancer research of the University of Pennsylvania, is to make announcements of great importance when he delivers his lecture "Chemistry of Cancer," tomorrow evening, before the nation's eminent chemists assembled at Northwestern University.

While Mr. McDonald indicated today the course his research has taken, he withheld definite announcement of his discoveries until his formal lecture.

In three research laboratories a new approach is being made to the study of cancer which, if the desire is attained, ultimately will open a new field of treatment for all diseases. Dr. McDonald revealed. This new method is described by Dr. McDonald as a chemical-physical study of the vital systems of the body. In addition to chemical-physical studies in Philadelphia, scientists in Brussels, Belgium and Buenos Aires, Argentina, also are engaged in this same line of research.

### PREVENTION SUGHT

"It is the first attempt to put the medical science on a chemical basis," Dr. McDonald said. "Until now we have explained the chemical reactions of the vital system we cannot explain the processes of life. This new line of investigation is encouraging. If we can learn what we hope to learn about it we shall be able to forestall disease before any symptoms develop and thus forestall such terrible diseases as cancer by preventive methods."

Primary studies along this line already have resulted in enabling the physician to relieve the cancer victim's suffering, even though the cause is hopeless. If the cause is concerned, Dr. McDonald pointed out. The suffering is relieved by the chemical-physical treatment of the blood which neutralizes the blood's reaction to the cancerous growth and keeps the blood as nearly as possible in its normal state.

But before these investigations and of the guilty without trial, violating the search-and-seizure laws, conducting illegal reports, employing men to entice others to break the law, spending public money to acquire alcoholic evidence, holding up innocent citizens and many other violations of the enforcement division."

Mr. Du Pont, also chairman of the board of the E. I. du Pont de Nemours & Company, is a personal friend and business associate of John J. Raskob, chairman of the Democratic National Committee. Raskob said he does not believe his associate will become a member of the Democratic advisory committee.

### Writ Granted to Release Boy

SAN FRANCISCO, Aug. 10. (AP)—The State Supreme Court today granted a writ of habeas corpus for the release from San Quentin Prison of Eddie Davis, serving a sentence there for burglary.

The organization declared that Davis, committed from Riverside, Cal., in 1928, has been in the State Prison since then. Davis is now in the State Prison, where he is being held in lieu of \$10,000 bail.

### Women Pledge Hoover Support

SAN JOSE, Aug. 10. (AP)—The thousand women in Santa Clara county stand pledged to support the candidacy of Herbert Hoover.

This announcement was made on the eve of the Hoover nomination ceremony by the Women's Hoover-for-President Club, which has procured the 10,000 signatures in a whirlwind campaign of just one week.

### FOG ENVELOPS NEW YORK CITY

(Continued from First Page)

rested until the late afternoon rain sent it downward.

More than a dozen heat prostrations were reported and one man was dropped dead in the street as he hurried toward a trolley car. In but 15 years of age, before the age limit at which persons may be incarcerated in State prisons.

### HEAT RECORDS BROKEN IN UTAH AND MONTANA

SALT LAKE CITY, Aug. 10. (AP)—The temperature at Bozeman, Idaho, reached a maximum of 104 deg. at 1 p.m. today and then took a sudden drop of nine degrees in fifteen minutes when the wind shifted from easterly to westerly.

Salt Lake City experienced the hottest day of the year today with a maximum of 98.5.

### LIVINGSTON (Mont.) Aug. 10.

(AP)—Livingston, Mont., today reported a temperature of 103 deg. today. The mark was the highest ever recorded by the local government Weather Bureau.

### Greece to Pay Kidnap Ransom

ATHENS (Greece) Aug. 10. (AP)—Yielding to insistent demands from relatives of Constantino Melas, the Parliamentary candidate who was kidnapped several days ago by bandits in Epirus, Greece, the Venizelos government has given a government guarantee for his ransom, 2,000,000 drachmas (about \$87,500).

### PORTUGAL BOOSTS TAXES

LISBON (Portugal) Aug. 10. (AP)—The Portuguese government has established extra taxes on sugar, oil and gasoline in order to increase revenues.

## HOOVER TELLS HIS AIMS TODAY

Nominee Will be Notified of His Selection

Speech to Outline Program He Will Follow

Millions of Americans Will Listen to Words

(Continued from First Page)

Republican Presidential campaign, continued for several hours today. Chairman Hoover declined to comment for publication on the campaign or the subjects discussed with the party leaders.

It is known, however, that his report of conditions throughout the country was of a distinctly optimistic character.

Mr. Hoover will go to San Francisco Monday to attend a meeting of the Stanford Board of Regents, returning to his home on the university campus until Thursday, when, accompanied by the corps of newspaper correspondents, he will leave for his party headquarters in Washington last month he will leave for Southern California.

Barbara Friday morning and, after a short stop to permit the newspaper men to see the city, will leave for Los Angeles for a reception in front of the new city hall.

### GREATEST HOOP-UP WILL CARRY HIS WORDS

SAN FRANCISCO, Aug. 10. (Exclusive)—Not only the words, but the voice of Herbert Hoover will be carried literally to the far corners of the earth tomorrow when he reads his acceptance address at Stanford Stadium.

The greatest radio-telephone broadcast ever arranged, involving more miles of wire than ever used in a radio hook-up, will carry his message to an estimated audience of 50,000,000 listeners. In the United States, the broadcast will be carried on all the major radio stations, including the country's largest and most powerful units, will be linked in the broadcast.

Short-wave transmission will be utilized to carry the message across the Atlantic. Continental stations will pick up the short-wave transmission and rebroadcast it on their regular wave lengths. This system first was used for the Tunny-Herby flight broadcast, and reception was reported from such diverse points as England, Berlin, South Africa and New Zealand.

### SOME STATISTICS

A tabulation of some of the statistics of tomorrow's broadcast shows:

Radio audience, 50,000,000.  
Stadium audience, 50,000.  
Telephone audience, three.  
Radio stations hooked up, ninety-nine.  
Miles of telephone wire, 135,000.  
Telephone staff in charge, twenty-six men.  
Microphones in stadium, twenty.  
Amplifying horns, eleven.  
Large radio antenna, one.  
The control station has been established in a tunnel under the stadium. It will take a staff of twenty-five men to operate the switchboards, amplifiers, generators and measuring instruments showing the quality and power of the transmission.

The sound waves will be caught on microphones and sent by telegraph to the National Broadcasting Company's laboratories for retransmission over the Pacific Coast chain of stations. The Pacific Telephone and Telegraph Company for retransmission across the continent.

### CONTROL POINTS

Trunk lines of the Bell telephone system will carry the sound waves impulses into such distributing points as Chicago, St. Louis and New York.

Control points, with amplifiers, are established all over the continent to step up the original impulse, so that the sound is maintained at exactly the same level. New York as at Palo Alto. The telephone company has arranged a complete emergency system that will take care of all stations or any one station if anything goes wrong at any point in the primary system.

### STORM STRIKES GEORGIA TOWNS

(Continued from First Page)

Pierce and around the eastern and northern lowlands west of Fort Pierce, where the Loxahatchee river is a result of torrential rains accompanying the West Indian hurricane.

Within the expanse of many marooned families, thousands of acres of fertile tilled lands, citrus groves and settlements. Damage from many communities awaits the recession of waters. Highways for the most part, still are blocked by washouts or overflows, and the few caravans which have emerged or entered have done so under difficult conditions.

### SETTING CHOSEN FOR CURTIS CEREMONY

TOPEKA (Kan.) Aug. 10. (AP)—The south steps of the Kansas Capitol have been chosen as the setting for the notification ceremony for Senator Curtis, Republican Vice-Presidential nominee, the 18th inst. The radio broadcast of the ceremony will open at 5 p.m. central standard time.

### LOCAL DELEGATION TO GO NORTH BY PLANE

This morning for the first time in history a delegation to attend the notification of a candidate that he has been selected to head his party for the Presidential campaign will travel to the scene of the notification in a "political" plane.

At 9:15 a.m. two Ford trimotored planes will take off from the Madison Air Line field and will head north carrying a distinguished group of Republicans bound for the Hoover notification at Palo Alto.

The plane will be met at Mills field by Mayor Ralph of San Francisco, who will accompany the party to Palo Alto by plane.

## AIDE UTILIZED FOR SUICIDE

Woman Who Shot Man at His Own Request Freed by Judge's Ruling

CHICAGO, Aug. 10. (AP)—When a man kills himself, it's suicide. When a woman kills a man, it's murder. But when a woman kills a man at his own request, it's a different story.

It was so adjudged yesterday by Judge Lape, who ordered that Mrs. Mary Kowalski be freed, although on July 4, she shot and fatally wounded Stanley Winowski, 34 years of age.

The woman, who was Winowski's housekeeper, took the revolver and pulled the trigger at his request, Judge Lape said.

Winowski's housekeeper, took the revolver and pulled the trigger at his request, Judge Lape said.

## CITY SENDS INVITATION TO HOOVER

Acting Mayor Bonelli Writes Nominee He'll be Welcome in Los Angeles

Acting Mayor Bonelli yesterday sent a written invitation to Herbert Hoover at Palo Alto to visit Los Angeles. Bonelli is one of the original Hoover boosters and a member of the committee which invited Hoover, then Secretary of Commerce, to become a candidate for President of the United States.

Mayor Cryer also is a strong supporter of Hoover's candidacy.

In his letter to Hoover Acting Mayor Bonelli said: "In the absence of Mayor Cryer, who is enjoying his vacation, it is my pleasure to extend to you the well wishes of our community and to suggest that the city of Los Angeles will do its utmost to honor you during your stay in California. You can visit our city."

"You have honored our nation and to the entire world, and as California's most distinguished citizen, we of Los Angeles welcome you here."

The date of the visit Acting Mayor Bonelli left to the convenience of Mr. Hoover.

### HOOVER CLUB ARRANGES RADIO RECEPTION

The Hoover-for-President Club of Southern California has arranged for a reception at its headquarters in the Biltmore Hotel at 4 p.m. today, when the acceptance speech of Herbert Hoover will be received by radio.

Through the courtesy of the Barnes Music Company.

### Massachusetts Discard Denied

WASHINGTON, Aug. 10. (AP)—Harmony exists in the Republican ranks in Massachusetts. It was reported today by Representative Traynor of that State, where Charles I. Burrill, candidate for the Republican nomination for Lieutenant-Governor, has protested to Herbert Hoover against activities of Senator McKelvey.

Representative Traynor, chairman of the Republican northeastern advisory council.

Traynor dismissed the Burrill incident with a smile and predicted a victory for Mr. Hoover in Massachusetts by a majority of not less than 15,000.

## HOOVER VICTORY IN OHIO ASSURED

Success Widely Predicted by Bay City Visitors

Alabama Declared to be in Republican Ranks

Middle West Farmers Held Strong for Secretary

(Continued from First Page)

SAN FRANCISCO, Aug. 10. (Exclusive)—Republicans from the north, east and south, most of them members of the committee participating at Stanford tomorrow in the notification ceremonies to Herbert Hoover, reached here today with the utmost confidence that the GOP ticket will sweep the nation in the November election.

Outstanding among their predictions is that Hoover will carry Ohio by 400,000; that the party has an excellent chance to carry Texas despite its Democratic tendencies; that Alabama can be considered definitely in the Republican column, probably carrying Kentucky and Tennessee with it, and that Middle West farmers, enjoying good crops and good prices, have confidence in Hoover's ability to give them farm relief on a safe and sane basis, and will vote for him.

One of the first to check in at the Republican headquarters at the Palace Hotel, was Gould Dietz, Omaha business man and chairman of the Nebraska delegation at the Kansas City convention.

"The farmers in our State are enjoying excellent crops and Hoover's policies are constantly growing," he observed. "I ran for delegate on a campaign of friendship for the farmers and business community. Hoover is the one man who could work out a really constructive program of farm relief."

Col. Thad H. Brown, Ohio manager for Hoover, said his Ohio study made for several years at the New England Conservatory of Music at Boston. But just as a "side line" he took up stenography and proved such a natural adept that he finally decided to abandon a musical career for the more prosaic work of a stenographer.

That act was a turning point in his career and led him through positions as stenographer, secretary, and finally to the position of the Port of New York, government clerk, secretary to President McKinley and then to the cabinet under Roosevelt.

He entered government service in 1891 as private secretary to the fourth assistant postmaster, a position he held until 1904. His expert stenography came to the notice of President Cleveland and he was attached to the White House staff.

President Cleveland passed him along to his successor, who promoted him to confidential secretary in this capacity he aided in the preparation of addresses and State papers and he knew of the decision to declare war on Spain some time before the President read his message to Congress.

Cortelyou knew the President's secretary and it was he who informed newspaper men that McKinley was dead. He remained as secretary to the chief of the Roosevelt administration until 1906, when he was named national chairman of the Republican party and managed the Roosevelt campaign in 1904, after which he was appointed Postmaster-General and then Secretary of the Treasury. At the end of the Roosevelt administration he retired from public life to become president of the Consolidated Gas Company.

Good prospects of Texas swinging into the Republican column were cited by R. B. Creger, national convention manager from Brownsville, and Orville Bullington, of Wichita Falls, member of the notification committee.

"Vast numbers of Democrats are staying away from the polls or else frankly supporting Hoover," asserted Creger. "With the normal Republican vote standing fast, we have at least a chance of carrying the State."

Senator John Thomas of Idaho recently appointed as Senator Borah's colleague following the death of Senator Gooding, asserted: "Idaho is safely Republican and all for Hoover."

With Senator Thomas was John McMurray, chairman of the Idaho Republican State Central Committee and a member of the notification group. He reiterated the statements of the Senator.

ALABAMA PREDICTION

S. H. Elrod, former Governor of South Dakota, declared his State is a Republican State and the voters have no reason to change this year.

James O. McNary, member of the Republican executive committee of New Mexico, said he has no doubt of the "big majority for Hoover in New Mexico."

Dr. J. C. Swann, of Mobile, Ala., Collector of Customs at that port and representative of the party in his State at the notification ceremony, predicted "Hoover will poll one of the biggest Republican votes ever recorded in Alabama because the State, notwithstanding that it is strongly Democratic, also is unalterably dry and was so long before national prohibition arrived."

### CAPPER PREDICTS HOOVER VICTORY IN WEST

KANSAS CITY, Aug. 10. (AP)—Senator Arthur Capper of Kansas today predicted Herbert Hoover will carry every farming State west of the Mississippi River.

### NOTED AVIATOR AND MECHANIC ARRESTED

SUDBURY (Ont.) Aug. 10. (AP)—Charles A. Duka, aviator, crack Canadian aviator, and his mechanic were arrested here last night on their arrival from Montreal by airplane on charges of failure to clear the customs. The arrests were made upon telegraphic request of the Customs Department.

## FARMERS' WIVES SCORN "EDEN"

Would Rather Feed Hungry Harvest Hands Than Hear Lectures

STREATOR (Ill.) Aug. 10. (Exclusive)—Cooking for hungry harvest hands is much more fun than loafing around with nothing to do and listen to lectures and swim in the river. This is the opinion of thirty farmers' wives as they broke camp today and hurried to their homes in Bureau and LaSalle counties. The women were guests at an "Adams Eden" for five days. The camp was under the auspices of the county farm bureau. The husbands and children were not allowed to enter.

All the wives agreed that their outing had been an interesting experience, but it couldn't compete with the joy of putting up a dinner for hungry men who had been attending a threshing machine all day.

## COOLIDGE FIRM IN NAVAL STAND

Determined to Keep Defense Strength at Top Mark

President Unaffected by Antitrust Treaty Move

Military Establishment Held Moderate

SUPERIOR (WIA) Aug. 10. (AP)—President Coolidge does not intend to allow the strength and efficiency of the American navy to be tampered with or weakened on account of the antitrust treaty now under consideration. He looks upon the navy as a military establishment and as such, as a part of the national defense, and as such, as a part of the national defense, and as such, as a part of the national defense.

President Coolidge feels, however, that although the antitrust treaty is a part of the national defense, it is not a part of the national defense, and as such, as a part of the national defense, and as such, as a part of the national defense.

TOO EARLY TO PREDICT He believes that it is too early to predict what the result of the antitrust treaty will be. He believes that it is too early to predict what the result of the antitrust treaty will be.

## REDWOOD TREES IN LINE OF FIRE

Flames Near Boundary of State Park

Grove in Santa Cruz and San Mateo Periled

Beautiful Summer Homes Also in Danger

SAN FRANCISCO, Aug. 10. (Exclusive)—An extensive grove of redwoods in State Redwood Park, in San Mateo and Santa Cruz counties, considered one of the finest stands in this portion of the State, is menaced by the first serious timber fire of the season in that section. Late today the flames were within three miles of the northern boundary of the park and declared completely out of control.

Five miles away lies Dulano Canyon, containing several beautiful summer homes. Although one tangent of the fire is eating in that direction, it is moving very slowly with little wind to feed and no danger is anticipated to the summer colony.

Efforts of a small group of fire fighters not availing, Bert Werder, San Mateo county fire warden, made a second call for help to augment sixty men on the fire lines.

KAWASH FIRE MAKES SLOWER HEADWAY PORTERVILLE, Aug. 10. (Exclusive)—Outlook on the fire which has been burning along the south fork of the Kawash River since Sunday is more favorable today, according to word from Ranger McDonald of the Sequoia National Forest in the Springville area.

Over long distance telephone this afternoon McDonald reported that the 175 men massed along the south end of the fire, where the Sequoia Forest Service is working, is holding fairly well. While not completely under control the fire is not spreading rapidly.

VALUABLE TIMBER LOST IN FIRE NEAR WEST BRANCH CHICO, Aug. 10. (AP)—A forest fire started by a donkey-engine spark between West Branch and Butte Creek today was out of control early tonight.

The blaze started in virgin timber and heavy brush and destroyed valuable timber. A crew of from 150 to 175 men is fighting the fire tonight.

## BANCITALY DEFAULTER CONFESSES

Theft of \$500,000 Due to Desire to Aid Employers, He Says Naively

NEW YORK, Aug. 10. (AP)—After telling the District Attorney that he took money belonging to his employers with the intention of helping them rather than benefiting himself, Cornelius Callahan pleaded not guilty today to an indictment charging him with grand larceny. He is charged with stealing almost \$500,000 from the Bancitaly Corporation, by which he was employed as assistant secretary, and was brought back today from Montreal, where he was arrested.

Callahan, who is 28 years of age, had been a trusted employee of the corporation for six years, told the District Attorney that more than two years ago \$200,000 in cash and 300 shares of the company's stock had been stolen from his office.

If he reported the theft he would be suspected, even though he knew nothing of how the money had been stolen, he said.

With a companion, he said, he went to work on the night of the theft. When they had profits of \$200,000 the companion disappeared with the money. Callahan said he took checks paid for Bancitaly stock and cashed them in order to restore the stolen stock and cash.

When the stock subscribers insisted on delivery of the stock for which they had paid, he went into the open market and bought it for them, using the bank's funds.

SEA FLIGHTS TO ORIENT PLANNED SANTA MARIA, Aug. 10. (AP)—A proposed flight from California to Tokyo, with the start planned to be made as soon as the necessary arrangements are completed, was revealed tonight as in the making by James Warner, radio operator of the Southern Express on its trans-Pacific flight. He declared he might be a member of the proposed flight, but declined to identify the backers.

Warner stopped off here en route to Los Angeles from Oregon.

SAN FRANCISCO, Aug. 10. (AP)—Col. W. E. Eastwood, Jr., of Dallas, Tex., announced here today that his \$50,000 prize for a three-stop flight between Dallas and Hongkong, China, still is posted, and at least two men are making plans to attempt the flight. Eastwood is here for a short visit.

WIFE KILLS HER SUPPOSED RIVAL BOMERSET (KY.) Aug. 10. (AP)—Mrs. Logan Perkins, 77 years of age, of Whitley City, wife of a McCreaty county (Kentucky) circuit clerk, is in jail facing a charge of murder here today after having shot to death a woman she charged with breaking up her home.

Shortly after midnight Mrs. Perkins walked down the aisle of a southbound Southern passenger train as it was passing Ferguson, two miles south of here, stopped behind a seat where her husband was talking with Miss Pearl Owens, 27, of Louisville, and fired twice, killing Owens instantly.

Perkins said she had made no appointment to meet Miss Owens.

FIRST NATIONAL SIGNS KENNEDY NEW YORK, Aug. 10. (AP)—After a meeting of the board of directors of First National Pictures today President Irving D. Rosenthal announced that Joseph P. Kennedy has signed a contract which places him in charge of the company for five years.

Kennedy, who is president of F.N.C. special advice to Pathe and an executive of the Keith-Albee Company, will have full charge of producing and distributing for First National.

METEOR SHOWER VISIBLE TONIGHT NEW YORK, Aug. 10. (AP)—The annual August display of natural fire works will become visible after midnight tomorrow when the earth crosses the orbit of the Perseids, producing a shower of meteors, or shooting stars.

The display will be the greatest tomorrow night if the weather is clear. Meteors probably will be observed in greater than the average number throughout the week.

POPE NAMES SUBJECT FOR NEXT CONGRESS SYDNEY (N. S. W.) Aug. 10. (AP)—Pope Pius has selected "The Eucharist and Our Lord" as the general subject for discussions at the Eucharistic Congress in September. It was announced today. The subject will be divided into fifteen sections. Nine will be allotted to overseas delegates and six to Australian delegates.

FOKKER FINED FOR FLYING UNIDENTIFIED WASHINGTON, Aug. 10. (AP)—Anthony H. G. Fokker, plane designer, has been notified of a fine of \$500 imposed upon him by the Commerce Department for having flown over the Teterboro airport in New Jersey on July 28 without displaying the proper identification marks.

THE UNION PACIFIC announces a popular coach excursion to Salt Lake City and Ogden, Utah, to be run August 14. The fare will be only \$20 from Los Angeles for the round trip. It is expected that many people will take advantage of the very low fare to visit Utah. (Advertisement.)

## DIXIE SENATORS RALLY TO PARTY

Democratic Fear of Losing Solid South Grows

Stalwarts Will Take Field to Combat Revolt

SOME, HOWEVER, REFUSE TO BE PUSHED IN LISTS WASHINGTON, Aug. 12. (Exclusive)—Democratic party chieftains are honestly fearful of what the heretofore Solid South may do this year. They have attempted vainly to disguise their feelings.

The growing fear that the bolters in Dixieland are gaining converts is reflected chiefly in the activity of the Democratic Southern Senatorial caucus, which has been in session for more than six days, is finding it necessary to do much more and ally itself to political battle against bolters in its own behalf.

Already Senator Robinson, who shared the top of the Democratic ticket with Gov. Smith, has carried the fight to the bolters. Senator Robinson is a winking-eyed, but hard-battled from Mississippi, has just followed suit, and now Senators Swanson of Virginia and George of Georgia are reported about ready to set out to engage the foe within their own ranks.

INTENSIVE DRIVE This is but the start of an intensive campaign which will enlist most of the southern Senators in an effort to offset the havoc Smith bolters are creating south of the Mason and Dixon line.

Reports of the dissemination due to the dissemination of the Democratic campaign headquarters. Instead of being a source of strength, it is only because they are so slow in realizing that there are such people.

TUNNEY'S statement, concluded with an expression of an ardent hope that, out of sense of fair play, he would be allowed privacy.

REDS' AIMS IN AMERICA DISCLOSED Moscow Gathering Told How Communists Hope to Build Up Organization

MOSCOW, Aug. 10. (AP)—A declaration of how the Communists of America hope to build up their organization in the United States and its dependencies was given to the Communist International Congress here today by J. Louis Engdahl of Chicago, chief of the propaganda bureau of the Workers' party of America.

Engdahl told the congress that the negroes, Japanese and Chinese in the United States offer fertile fields for the Communist party and the organization of revolutionary trades unions in the Hawaiian and Philippine Islands is part of the program.

He announced a project for a "war upon war," centering in industries, especially in those industries destined to play prime roles in the future of the world.

He said especially that efforts would be made to convert youths and women in such industries and also said efforts are being made to spread Communism in the United States Army.

Engdahl reported there is a division of the idea of obligation to military service in certain farming sections and that there is a distinct antimilitarist mood among negroes.

He denounced the Kellogg pact for remembrance of war by saying that it is aimed against the Soviet Union and the characteristic of the whole government of the United States as "imperialistic."

MOVE PUT AHOOT FOR PRESERVING BURBANK'S HOME SACRAMENTO, Aug. 10. (AP)—A move is afoot to preserve to the public the home, properties and souvenirs of the late Luther Burbank, California plant wizard. It was revealed today by the secretary of the Burbank Foundation, Inc.

The Burbank Foundation, Inc., a corporation organized by the Burbank family, has filed with the State of California a bill of incorporation which would operate as a nonprofit organization and that its directors would be Senator Boggs, Wilbur Hall and John M. Perry of Stockton, Bert S. Hays of Sacramento and L. E. Townsend of San Francisco.

Details of the incorporation were handled by the Stockton law firm of Nutter, Hancock and Rutherford.

MISSOURI POLLS FRAUD CHARGED ST. LOUIS, Aug. 10. (AP)—David M. Proctor, dry candidate who ran third in the Republican Senatorial primary race, tonight wired Nathan Frank, wet, who placed second, that "wholesale frauds" were practiced in Kansas City in the election and that Frank is "in fact and in law the Republican Senatorial nominee."

Frank was defeated by Roscoe C. Patterson of Springfield, a dry, by a plurality of 1164 votes in return from 3562 precincts out of 4143. The vote was Patterson, 92,206; Frank, 92,060, and Proctor, 80,763.

OFFICER INJURED BY BOMB BLAST NEW YORK, Aug. 11. (Saturday)—Police Sergeant John Green was critically injured early today in a bomb explosion in Second avenue. Thirty-fourth street. Police believe the bomb had been planted near a Second-avenue barber shop. A strike of East Side barbers is in progress and the bomb and it exploded as he held it.

## TUNNEY IN TALK ABOUT BETROTHAL

Champion in Interview to Associated Press Tells Why He Shuns Reporters

SOUTH BRISTOL (Me.) Aug. 10. (AP)—Gene Tunney, whose engagement to Miss Mary Josephine Lauder was announced Wednesday by Miss Lauder's mother, tonight gave the following statement to the Associated Press:

"I have refused to grant any interviews to unknown reporters as there is nothing for me to add to the formal announcement of my engagement. There is nothing for me to add to the formal announcement of my engagement. There is nothing for me to add to the formal announcement of my engagement."

"I have refused to grant any interviews to unknown reporters as there is nothing for me to add to the formal announcement of my engagement. There is nothing for me to add to the formal announcement of my engagement. There is nothing for me to add to the formal announcement of my engagement."

"I have refused to grant any interviews to unknown reporters as there is nothing for me to add to the formal announcement of my engagement. There is nothing for me to add to the formal announcement of my engagement. There is nothing for me to add to the formal announcement of my engagement."

## SMITH ATTENDS BRENNAN RITES

New York Governor Goes to Service in Chicago

Simple Obsequies Conducted for Veteran Leader

Only Few Friends at Home for Ceremony There CHICAGO, Aug. 10. (AP)—The solemn ritual of the Catholic Church—requiem high mass for the dead—sent its sober echoes through Our Lady of Mt. Carmel Church today as high and low alike joined in a parting tribute to George E. Brennan, dead Democratic leader of Illinois.

Gov. Smith of New York, staunch friend of the Illinois national committee, was among the mourners who bowed their heads to the requiem service while the last rites were said.

Gov. Smith, making a special trip from New York to attend the services, occupied a pew well down near the altar aisle opposite Mr. Brennan's family. The service was extremely simple in accordance with the wishes of the family and no flowers were at the church.

Private services at the home preceded the public mass at the church. Gov. Smith, members of the family and intimate friends only attended the ceremony at the home. The Presidential nominee was taken directly from the train to the residence where he expressed his sympathy to the widow and daughter, Mary. He silently viewed the body of his former comrade and walked down the three flights of stairs to the motor car which took him to church.

There was a few moments' wait at the parish house while the body of Mr. Brennan was removed from the home to the church. The Governor took this opportunity to chat informally for awhile with Democratic leaders of the city and State who had formed his reception committee.

LARGE CROWD Gov. Smith did not join the funeral procession to the cemetery. The services at the church lasted until about 12:30 p.m. and the Governor returned directly to the New York Central Station, where his private car was waiting. Streets adjoining the church were thronged with men, women and children, but there was no unusual demonstration. The crowds greeted the Presidential nominee everywhere but aside from occasional showers of ticker tape and confetti there was no display. Arrangements had been made to make Gov. Smith's visit as simple as possible in accordance with his wishes.

Mr. Joseph Casey, pastor of the church, celebrated the mass of the dead and preached the funeral sermon. He added by the wishes of Mr. Brennan and his family and made no eulogy. Only in an indirect and casual way did he call attention to the presence of Gov. Smith among the mourners.

ONE ACCIDENT The casket, resting between two rows of lighted tapers, was not opened at the mass. Following the service, Gov. Smith walked solemnly from the church and stood in the sun with bowed head and bowed hands while the body of his former ally was borne to the hearse. As it was taken away, the Governor entered his motor car and left the funeral cortege to return to the train.

Politics and party differences were laid aside during the funeral as Democrats and Republicans joined in paying respect to Mr. Brennan.

The only untoward incident of the occasion was a minor accident when a screen fell from an upper story of Hotel Belmont, across from the church, striking Thomas Newman, a relative of Brennan, on the shoulder.

GOVERNOR SILENT The Twentieth Century Limited, bringing Gov. Smith and his party to the funeral, arrived almost twenty-five minutes ahead of schedule, but a crowd had formed early to greet the Presidential nominee at the station. A caravan of motor cars conveyed him and his party to the Brennan residence. The streets were crowded throughout the mass funeral. Literally thousands being unable to enter the chapel which accommodates perhaps 1000.

Gov. Smith was grave throughout the brief visit and aside from informal chats with his friends had little to say. The century departed on its return trip on schedule time, less than three hours and a half after its arrival.

FLOOD DROWNS THREE TOURISTS CARLSBAD (N. M.) Aug. 10. (AP)—Three persons were drowned and three injured today when flood waters struck the car in which they were riding in Dark Canyon.

The dead are A. J. Chambers, 55 years of age, his daughter, Eunice, and Alma Stovall.

Mrs. Chambers, another daughter, Elmyra, and Miss Iris Bowley escaped, but are in a hospital here for bruises and shock. All are of Plainville, Tex.

*To All Owners of*  
**DODGE BROTHERS MOTOR CARS**  
*-PAST, PRESENT AND FUTURE*  
*by*  
**WALTER P. CHRYSLER**

You, more than anyone else, are entitled to know the purpose behind our recent acquisition of the assets and facilities of Dodge Brothers, Inc.

For upon that purpose depends the security of your investment in Dodge Brothers products.

In acquiring Dodge Brothers, Inc. for the Chrysler Corporation, we have secured one of the largest and most modern automobile factories in the world and with it an organization of exceptional ability.

We intend that these facilities shall be utilized to increase the value and quality in Dodge Brothers cars and Graham Brothers Trucks and Motor Coaches.

We have secured, in addition, a dealer organization that has always been recognized as one of the finest in the industry.

It is our intention to deserve the continued loyalty of this group of substantial, progressive merchants by making it possible for them to enjoy increasing prosperity through the sale of Dodge Brothers products.

We have secured, moreover, that which

transcends in importance either Dodge Brothers superb plant equipment or Dodge Brothers splendid dealer organization. For we have become the lawful heritors of Dodge Brothers Good Name, with all the solemn obligation which that inheritance implies.

We have become the trustees of Dodge Brothers good faith to their customers, and it is our purpose to execute that trust with fidelity.

The priceless identity of all Dodge Brothers products will be preserved—as well as the sound policies that have made the words Dodge Brothers synonymous with Honest Value and Dependability.

Dodge Brothers Works will continue to produce Dodge Brothers Motor Cars and Graham Brothers commercial vehicles. Dodge Brothers dealers will continue to sell and service them.

The men to whose capable support the success of the Chrysler Corporation is due, unite with me in pledging perpetuation of Dodge Brothers ideals, to the end that a Good Name may be made still better.

# Angels Continue Rout of Stars With 6-1 Win

7

## SPORTS

### Los Angeles Times

SATURDAY MORNING, AUGUST 11, 1928.

## CALIFORNIA CREW WINS OLYMPIC CHAMPIONSHIP

### MITT TWIRLS KRUG VICTORY

Held to Six Hits by Respected Pitcher

Attack on McCabe Bounced in Two Rounds

Hood Poles Out Home Run, Double and Single

BY BOB RAY

The Angels are still leading the Hollywood Stars, the "Deacon" Pitt officiating on the mound yesterday. The 114-pounder Seraphus pitched out a 6-1 triumph over the Stars, who are still in the lead in the series. The "Deacon" let the Stars down with six hits, mostly scattered, and a double and single. The Stars evidently are unimpressed that it's a penalty offense to hit a guy who is on base.

McCabe, who pitched out of the game for the Vintners, pitched six hits and a double and single. McCabe found his best hit, a double, in the second round. McCabe's attack on the Stars was bounced in two rounds. McCabe's attack on the Stars was bounced in two rounds.

McCabe hit the first home run of the game, a double and single. McCabe hit the first home run of the game, a double and single. McCabe hit the first home run of the game, a double and single.

### LA BARBA AND GRAHAM SIGN FOR OLYMPIC GO

La Barba came close to the 118-pound title. Graham was signed by his manager, George Blake, to box Bushy Jones, lightweight champion, at the Olympic on September 11. The only missing note in the story was that the bout is over.

### Maybe, Friendship Cop Southland Titles

#### SAILING CRAFT FINISH SERIES

Synove Wins Second Place in Six-Meter Class

Diablo Passes Up Fleet to Win Arbitrary Race

Miss Los Angeles Out With Broken Supercharger

BY EDWARD LAWRENCE

"Times" Staff Representative LONG BEACH, Aug. 10. (Exclusive)—Capt. Arthur Rousseau's six-meter sloop Maybe of the Corinthian Yacht Club, an Yacht Club, and Commodore Owen P. Churchill's sloop Friendship of the California Yacht Club won the 1928 Southern California Yachting Association's annual five-day series of sailing events. Sailed under extremely light weather conditions, the soft-weather sloops slipped to the fore and finished well up in the final race for silver trophies. Tei Conant and the Pacific's crew put the Friendship through her paces, and she crossed the line one minute and ten seconds ahead of George Jessup's Aloha of the San Diego Yacht Club.

The San Diego sloops, all of them light-weather craft, hung a bucket on Roger Marchetti's sloop with Ed Polson's Aloha, noting the local sloop out of third place by twenty seconds. Second place would have been the Aloha by one-quarter point, however, as the finish was incidental. Lynn Brown and Samuel Daubert's sloop, also from San Diego, finished, also from San Diego.

### AMERICAN SWIMMERS TOP FIELD

Yankee Athletes Show Way at Olympic Trials; Weissmuller Stars

AMSTERDAM, Aug. 10. (AP)—All American athletes, both women and men, with but one exception survived the final round of trials and eliminations today in the Olympic sports carnival.

While Miss Clara Huntzberger, Los Angeles diver, flunked out of the high-board competition with a sixth place in the second division of the trials, Johnny Weissmuller, Chicago speedster and defending champion in the 100-meter free style, helped himself to a new Olympic record in the semifinals of that event.

Weissmuller, ace of the American swimming forces, ate up his favorite distance with huge, space-drawering strokes in 52.2 seconds. With him in the final tomorrow will swim George Kojak, the New York school boy who won both his preliminary and semifinal heats easily today, and Walter Lauer of Chicago, victor in the morning event but a good second to the Japanese, Takashi, in his semifinal. Lauer swam faster trailing the far easterner than Kojak did in winning his event.

Less impressively, the girls of the swimming team kept pace with their sturdier brothers. Miss Eleanor Holm, New York school girl, won her heat in the 100-meter backstroke for women and Lisa Lindstrom, even younger, along with Marion Gilman of Alameda, Cal., both gained second place to land

### YANK TRACK STARS FACE BRITISHERS

Crowd of 50,000 Expected to See Cinderpath Battle on English Soil Today

LONDON, Aug. 10. (AP)—With an attendance of 50,000 looked for and with international track and field interest shifted from Amsterdam, the meet between Olympic stars of the British Empire and the United States tomorrow afternoon at Stamford Bridge promises to be the most important athletic contest yet held in England. Competition is expected to be of an extremely high standard and several new records are awaited. Americans are determined to wipe out their disappointing showing in the track events at Amsterdam while the British are equally determined to avenge their overwhelming defeat in the Anglo-American meet of 1924 after the Paris games when the Americans

### YANK RING FANS IN RIOT

Judges Reverse Decision in Favor of American Boxer When Rooters Start Demonstration

AMSTERDAM, Aug. 10. (AP)—The fighting spirit of the ringside fans at the Olympic boxing events tonight made the action in the ring in the semifinal bouts look like second-rate performances. Not since the Olympics started have such scenes been witnessed in the Olympic fighting pavilion.

The uproar started when John L. Dwyer of Waltham, Mass., American bantamweight entry, was declared the loser in a bout with Isaac of South Africa to the great amusement of the boxing fans. Led by Charles Ornstein of Baltimore, manager of the American lacrosse team, the United States fans on the sidelines booed, hissed, yelled and screamed. Even Gen. MacArthur, president of the Olympic committee, rose excitedly from his seat at the apparent injustice of the decision. The American rooters rushed up to the ring and for a while it looked as if there would be a free-for-all between the Dutch police, who were called in to quell the disturbance and the American rooters.

Meanwhile the judges reversed the decision, announcing that they had made a mistake. This new sent the British fans and

### STARS TRADE FULLERTON FOR ELMER SMITH, COUCH

In an effort to add much-needed punch to his outfield, Bill Lane, home-run king in 1926-27, will be used in right field by Vint. He figures to hit several home runs over the right-field screen at Wrigley Field. Elmer's chief claim to fame is that he hit a homer with the bases full in the 1920 world's series against Brooklyn. Smith played for Cleveland.

Couch has not been having much success pitching for the Beavers, but he figures to go a lot better with a good defensive ball club, like the Stars, behind him.

Fullerton has pitched better than 500 ball for the Stars, but he appeared to be disheartened

threat up there in a pinch, so man-covered Tom Turner, Portland

Fullerton has pitched better than 500 ball for the Stars, but he appeared to be disheartened

### GOLDEN BEARS VANQUISH JENGLAND'S STAR OARSMEN

Sons of West Sweep to Spectacular Victory Over Thames Rowing Club in Thrilling Regatta Finals

BY ALAN J. GOULD

SLOTTEN (Holland) Aug. 10. (AP)—California's Golden Bears are now champions of the world. Their blue-tipped oars flashing irresistible power through the narrow waters of the Sloten Canal this afternoon, these brawny native sons of Uncle Sam maintained their unbeaten record and brought the Olympic regatta to a thrilling climax by beating the Thames Rowing Club, Britain's greatest crew, in the eight-oared final.

Three-quarters of a shell's length—the margin that the Americans gained in the first half of the 2000-meter race and held despite a stirring challenge in the final half—was all that separated the rivals at the finish, but it was enough to top off as a nationally triumphant campaign as any crew ever had known. Give the Americans their third successive victory in this eight-oared Olympic classic and enable the United States to win the regatta by a decisive margin on points.

California's great victory in the final event following triumph of the Yankee double scull combination of Charles McVilaine and Paul Castello over Canada, the latter figuring in his third successive Olympic triumph, saved the day for America. They came after the American single sculling hope, Ken Myers, had been decisively whipped by the 21-year-old Australian marvel, Bobby Pearce, by a five-length margin and the Yankee four without coxswain had lost a

(Continued on Page 3, Column 3)

### MISHKIN SIGNS CONTRACT WITH NEW YORK YANKEES

SAN FRANCISCO, Aug. 10. (AP)—Solly Mishkin, young left-handed first baseman released by the San Francisco Seals two days ago, was signed today for the New York Yankees by William Essick, western scout of the American Leaguers. He will report next year.

Essick has been watching Mishkin for some time and snapped him up when he heard of the release. He considers the youngster a fine prospect.

Mishkin was a star at Occidental College and was signed by the Seals last year after graduation. He threw and bats left-handed. This season he has fallen off in hitting and was released to make room for Jimmy Cavanah, veteran infielder, who donned a local uniform this week.

### DICK HOPPE VICTORIOUS OVER LAMAR

Johnny Loses Decision to Rival in Star Attraction at Legion Stadium

Dick Hoppe, veteran trial horse of the ring, best Johnny Lamar last night in the ten-round main event of the Hollywood American Legion. Hoppe won every round handily, the Mexican batter never having a chance. The outcome was quite an upset as fight experts had figured Lamar to win.

Hoppe started right out with a left hook attack on the Mexican's stomach. Lamar took quite a bit

REALTY INCOME  
DRIFTS LOWERJuly Report of Los Angeles  
Investment OutNet Decline of 35 Per Cent  
on 1927 Month ShownFigures for Year to August  
Decrease \$529,405

Net profits of Los Angeles Investment Company for the month of July totaled \$78,719.08 after all charges but before provision for Federal income tax, as against \$120,515.48 reported for July, 1927, a decrease of \$41,796.40, or 35 per cent. It was revealed yesterday in a statement issued by the company.

Net profits for the first seven months of the year aggregated \$266,038.62 before Federal taxes, as contrasted with \$1,155,443.73 for the corresponding period of last year, a drop of \$889,405.11, or 46 per cent.

Net before taxes is equivalent to more than 12 cents a share on the 5,000,000 shares of capital stock outstanding, as compared with 23 cents a share for the same period in 1927.

Real estate sales, from which the greater part of the income of the investment company is derived, totaled \$137,775 for the month of July, against \$121,825 in July, 1927, a gain of \$15,950, or about 13 per cent.

Real estate sales for the seven months period aggregated \$1,098,635, which is a decrease of \$370,572.50, or approximately 25 per cent from sales of \$1,469,207.50 in the same period of last year.

Average monthly production for the twelve months ended June 30, last, amounted to \$98,470.70, while the average for the same period of 1927 was \$114,086.34, a decrease of \$15,615.64, or 14 per cent.

NET INCOME  
OF TAXICAB  
CONCERN UPYellow-Checker Reports  
\$43,904 Increase Over  
First Half 1927

Net earnings of the Yellow and Checker Cab Company for the six months ended June 30, last, after all charges, amounted to \$156,360, equivalent to \$5.21 a share on the 30,000 shares of Class "A" outstanding, according to a report issued yesterday by Arthur O. Smith, president of the company.

This compares with \$112,456 reported for the corresponding period of 1927, equivalent to \$3.74 a share. Net earnings are after all expenses, including a deduction of \$183,268 for depreciation.

The six-month period just past has been the most profitable one in the history of the company, it is understood by officers and directors.

The last six months of the year should surpass the first by a comfortable margin. The estimated gain is attributed to the peak months around the close of the year.

The Yellow and Checker Cab Company is the largest company operating in California with branches in Los Angeles, San Francisco and Oakland, and is one of the largest in the nation. Recently the Los Angeles Transfer's fleet of cabs was acquired, and the cab stands at the railroad and electric stations.

Illinois Trust  
Merger Rumor  
Gains Credence

CHICAGO, Aug. 10. (Exclusive) Despite the persistent denial of officials of the Illinois Merchants Trust Company that a merger or special dividend of any kind was impending, the report gathered more credence in LaSalle street today as the shares of the bank soared more than \$200 since yesterday to a record peak of \$126.

The directors of the bank met at noon today and, according to Eugene M. Stevens, president of the bank, who reiterated the denial of a merger, nothing but routine business was considered at the meeting.

The merger reports have linked the Illinois Merchants Trust Company with the First National Bank and Trust Company, shares of which have also been unusually active, rising to a recent peak of \$46.

Included in the investment are stocks of such well known and powerful companies as the American Gas and Electric Company, the American Light and Traction Company, the American Power and Light Company, Associated Gas and Electric, Brooklyn Union Gas Company, Consolidated Gas Company of New York, North American Company, the Chase National Bank, the Equitable Trust Company, the First National Bank of New York and a long list of other names equally prominent.

REAL ESTATE HELPS DAIRY  
Pioneer Dairyman Forced to Move Four Times, But  
Makes Profit on Land; Merger Concluded

BY EARLE E. CROW

Behind the formal conclusion yesterday of the merger of the Los Angeles Creamery Company with the Golden State Milk Products Company is the interesting story of the losing out profitable struggle of George E. Platt against the rising tide of real-estate development in Los Angeles. Four times in forty-six years Mr. Platt has been forced to move his cows and his milk cans farther away from the city, but each time he has exacted a handsome profit on his real estate.

From his dairy farm at what is now Third and Beaudry streets, this pioneer dairyman first served his milk consumers in Los Angeles. His distributing station was located across from the present site of the Biltmore, where he also conducted a business in the marketing of cows. This was in 1884; and two years later he decided to move out in the country to Florence, nine miles from the city.

At this location, Mr. Platt began to build up his distributing business. A nucleus of about a five-gallon can and a cart, he became the city's leading milkman. Every morning he drove into the city and distributed his milk, and slowly added to the number of his dairy cows from the increasing demand.

Three years later he drove his cows over to the Boyle Heights section, and started in again. This time he was able to remain for a longer period of time, while the number of his patrons increased. His dairy herd grew larger, and real estate values kept pace. About three years ago his holdings became too valuable for dairy purposes, and the fourth expansion was undertaken.

In the wide expanse of the San Fernando Valley the Los Angeles Creamery Company purchased a 200-acre ranch, which has been developed into one of the finest dairy properties in the country. Two thousand dairy cows supply the milk for the business, which now includes the manufacture of cheese, ice cream, etc. Last year, according to Mr. Platt, the gross volume of business done by the company reached \$140,000.

And incidentally, he values the ranch and other holdings in the San Fernando Valley at an amount equal to the value of the distributing business.

COMPANY STATE-WIDE  
The merger with the Golden State Milk Products Company, which creates a State-wide dairy business, was arranged by the marketing of modern aspects of the marketing of milk and its products.

Steadily increasing demand for California has built up a demand for operations on a gigantic scale. Through this consolidation, Golden State Milk Products, of which L. E. W. Prida is chairman of the board, became the largest distributor of milk in the Los Angeles territory, and marks one more step in the building of a single agency of manufacture and distribution between the milk producer and the consumer.

Golden State Milk Products is the largest producer of powdered milk in the world; the company claims to be the largest producer of butter and the largest distributor of sweet cream in the United States. It is also the largest importer of dairy products. Golden State products are sold to about forty foreign countries.

Unfilled Steel  
Orders Lower

NEW YORK, Aug. 10. (AP)—Unfilled orders of United States Steel Corporation on July 31 amounted to 1,370,927 tons, a decrease of 66,000 tons compared with the preceding month.

The decline follows an increase of 220,187 tons which was reported for June, the first gain shown for several months. Decreases of 430,311 tons were reported for May, 463,473 for April and 62,963 tons for March.

SEATS TRANSFERRED  
NEW YORK, Aug. 10.—New York Stock Exchange membership transfer to Adrian Stittiger for \$775,000, and to J. H. Carter for a nominal consideration.

NEW ISSUE OF UTILITY INVESTING  
Corporation Held Basically Sound

BY WILLIAM RUSSELL WHITE  
[Copyright, 1927, by New York Evening Post, Inc.]

ON a broad foundation where diversity of earnings and distribution of risk are developed to an extraordinary degree, the securities of the United States Utility Trust Company, as trustee, are stocks of more than thirty different public utility companies which render service to communities having a total population of more than 60,000,000, or the equivalent of about one-half of the population of the United States. Stocks of six leading New York banks are also deposited with the Guaranty Trust Company, as trustee.

The Public Utility Investing Corporation is engaged in investing primarily in stocks and other securities of public utility holding and operating companies. Its investments on February 28, 1927, aggregated at cost (which is materially lower than the present market value) over \$5,000,000.

Included in the investment are stocks of such well known and powerful companies as the American Gas and Electric Company, the American Light and Traction Company, the American Power and Light Company, Associated Gas and Electric, Brooklyn Union Gas Company, Consolidated Gas Company of New York, North American Company, the Chase National Bank, the Equitable Trust Company, the First National Bank of New York and a long list of other names equally prominent.

NEON PRODUCTS  
EARNINGS JUMPElectrical Sign Company in  
Semiannual ReportHalf-Year Net Nearly Equal  
to Total for 1927Gross Operating Income for  
Period \$405,515

Reflecting the rapid growth of the Electrical Products Corporation, the semiannual report of the company released yesterday by Paul D. Howe, president, shows an increase in net earnings for the six months ended June 30, 1927, of 102 per cent. Net earnings, after all charges, including depreciation and Federal taxes, for the six months ended June 30, last, amounted to \$121,346, or at the annual rate of \$242,692.

This compares with \$116,968 reported for the six months ended June 30, 1926. The increase is due to a 102 per cent increase in net earnings after preferred dividend deduction, applicable to 185,000 shares of common stock outstanding, as compared with 185,000 shares of common stock outstanding at the end of 1926.

Net earnings for the period amounted to \$405,515, as against \$242,692 for the twelve months last year. Operating and selling expenses totaled \$232,113, compared with \$236,677 last year. Interest, depreciation and patent costs amounted to \$53,377 against \$67,735, a year ago.

Total deferred anticipated profit of June 30, amounted to \$2,409,743 compared with \$1,880,938 as of December 31, 1927. Fixed assets amounted to \$1,281,477 last year to \$1,390,763 this year. Current assets totaled \$485,633 against \$485,633 at the end of 1926.

Paul D. Howe, president of the company, in releasing the semiannual report, said that the company is in a satisfactory condition. Our sales are greatly increased and we have obtained permanent injunctions in seven patent-infringement suits in the money mechanism.

What if any additional steps will be taken by the reserve bank at New York to strengthen the credit position remains the most varying problem of all faced by the stock market. That rumors of a rate increase this week proved unfounded was not surprising. Until forced in desperation through the exhaustion of all other means, the reserve officials will not wait with the approach of autumn demands from business to tighten money more. At least they will doubtless prefer to see the pinch come through the natural channels in the money mechanism.

A condition of fundamental firmness has been created through the issue of \$500,000,000 in gold since a year ago. Unless speculation revives on a broad scale it is possible that the reserve will allow money to tighten from now on through the usual loss in currency at this season and the autumn expansion in commercial loans.

Trade Reports  
for Week Seen  
as Good Augury

NEW YORK, Aug. 10. (AP)—Dun's tomorrow will say: All commercial trends continue in the direction of a normal and seasonably active fall and winter trade. Although it is now the between-seasons period, when it is customary to experience pronounced quietness in many mercantile and industrial lines, the uniformity with which improving conditions are reported by widely separated centers is a reassuring augury for autumn business. Sales of vacation specialties and other strictly seasonal commodities were sustained at an unusually high level by the recent hot weather in many parts of the country. That retailers generally are optimistically inclined is shown by the confidence with which they are placing orders for prompt and future delivery.

The recent expansion in car-loadings and in sales of leading department stores, chain stores and mail-order houses also indicates a large amount of merchandise is going into consumption. Production of iron and steel remains at a high point for the period, and more active buying by the railroads, automobile and agricultural implement manufacturers is expected to develop as the season advances.

Weekly bank clearings \$9,968,156, a decrease of 0.3 per cent from a year ago.

Yuba Power  
Development  
Awarded Fiat

SACRAMENTO, Aug. 10. (AP)—Construction by the Yuba River Power Company, San Francisco, of a comprehensive \$44,000,000 power development on the Yuba River, one of the forks of the Yuba River, was authorized today by the State Division of Water Rights.

The State's authorization came with approval by Harold Conkling, chief of the water-rights division, of eleven of thirteen diversion applications the company has filed for the necessary water supply. The two applications not allowed were held in abeyance because of a conflict with applications filed by the State under terms of a 1927 law empowering the Department of Engineering to file on any waters needed for any co-ordinated water development.

SHIPPERS SIGN TRUCE  
IN BURLAP RATE WAR

NEW YORK, Aug. 10. (AP)—James A. Farrell, president of the United States Steel Corporation and head of the Ishmian Steamship Line, announced today that through the instrumentality of the United States Shipping Board, American and British steamship lines have signed a truce to the burlap and burlap rate war between India and American Atlantic and Gulf ports. The Shipping Board now has brought all lines in the trade to an understanding regarding sailings, rates and cargoes.

LOAN SITUATION STANDS  
Attitude of Private Lenders and Out-of-Town Banks  
Nullifies Reserve Bank EffortsBY PAUL WILLARD GARRETT  
[Copyright, 1927, by New York Evening Post, Inc.]

NEW YORK, Aug. 10.—Wednesday's sharp setback in the market reduced what otherwise would have been a substantial expansion in brokers' loans for the week to an increase of only \$14,000,000 as against \$75,000,000 a week ago.

Interest in brokers' loans figures is converged not on the total but on the composite items. Briefly the report shows that the New York members are inclined to keep down loans but that from the standpoint of the reserve officials no help was given this week by the out-of-town members and private lenders. All the benefit and more of a \$60,000,000 reduction in loans by New York members for their own account was lost through a \$31,000,000 increase in funds by out-of-town banks and a \$31,000,000 increase in funds supplied by "others."

While this week's figures on brokers' loans present no new aspect on the problem which concerns those anxious to inspire an adjustment in credit conditions, they forcibly emphasize an old tendency. It seemed for a time that the out-of-town members finally were disposed to co-operate with the New York members in getting loans down. What puzzled the reserve officials most was the "others" item, and the clearinghouse banks finally put into effect a new set of rules designed to bring private loans under control. Instead of yielding to discipline both the out-of-town members and private lenders now seem as much bent as ever on putting funds into the call market to take advantage of the attractive rate offered there.

What if any additional steps will be taken by the reserve bank at New York to strengthen the credit position remains the most varying problem of all faced by the stock market. That rumors of a rate increase this week proved unfounded was not surprising. Until forced in desperation through the exhaustion of all other means, the reserve officials will not wait with the approach of autumn demands from business to tighten money more. At least they will doubtless prefer to see the pinch come through the natural channels in the money mechanism.

Prices Tumble in Trading on Grain Markets

CHICAGO, Aug. 10. (Exclusive)—Demoralization prevailed in the grain markets at the opening today as the result of an extremely bearish construction placed by the grain trade here and abroad on the government estimates of the acreage of the wheat crop. Wheat opened as much as 5 1/2% lower, with all deliveries at new low on the crop. September contract fell 1 1/2% to 1.05 1/2% and the deferred deliveries at new ground, the lowest since 1914, fell 1 1/2% to 1.05 1/2%.

REPORT

Table with multiple columns listing various stocks and their prices, including sections for 'STOCKS', 'BONDS', and 'COMMODITIES'.

LOS ANGELES EXCHANGE

Rio Grande Again Dominates Trading and Marks Third Successive Peak Price

Rio Grande Oil continued to monopolize trading yesterday on the Los Angeles Stock Exchange. The stock opened at 45 1/2 and slipped back to 45 in the morning peak of the session. Speculative interest ran high on further favorable reports in the early afternoon on operations at the discovery field near Santa Barbara with the result that it jumped 3 1/2 points to its third successive new high mark, this time at 49 1/2. Trading activity hit an unusually brisk pace throughout the afternoon the stock closing at 48 1/2 for a net gain of 1 1/2.

MARKET FLASHES

NEW YORK, Aug. 10. (AP)—Stocks closed higher today, with oil and oil products leading the advance. Rio Grande Oil was the most active stock, closing at 48 1/2.

PRODUCE MARKET

(United States Bureau of Markets) Trading was active yesterday, with a general upward movement in prices. Wheat and corn were the most active commodities, with wheat closing at 1.15 and corn at 1.05.

Condition of Twelfth Area Reserve Bank

SAN FRANCISCO, Aug. 10. (AP)—The condition of the Federal Reserve Bank of San Francisco for the week ending Aug. 10 is as follows: Gold on hand, \$1,000,000; currency in circulation, \$1,000,000; total assets, \$2,000,000.

FILIPINO AT ALHAMBRA LOSES OUT

Race Restrictive Clauses in Deeds Upheld as Legal, Commissioner Tells Him

WASHINGTON, Aug. 10. (AP)—San Francisco, Cal., who appeared to Philippine Commissioner Quirón when attempts were made to oust him from the residence he had purchased on the grounds that a restrictive clause in the deed excluded all but members of the Caucasian race, has been informed by the commissioner that the decision of the Philippine courts has upheld the legality of such restrictive clauses.

COMPANIES FILE BIDS ON DIRIGIBLES

Los Angeles Concern in Deal Offer for Designs and Construction

WASHINGTON, Aug. 10. (AP)—Ten bids submitted to the Navy Department for design and construction of two dirigibles of 8,500,000 cubic feet volume, authorized by the recent Congress, were opened today by Acting Secretary Robinson before a board of experts headed by Rear Admiral Moffett, chief of the Bureau of Aeronautics.

SAN FRANCISCO

SAN FRANCISCO, Aug. 10. (AP)—The market on the San Francisco Stock Exchange was active today, with a general upward movement in prices. The Dow Jones Industrial Average closed at 215.

CROATIANS PAY TRIBUTE TO RADITCH

Thousands of Mourners Visit Bier of Murdered Peasant Leader

ZAGREB, Aug. 10. (AP)—An endless train of weeping mourners today and tonight passed by the body of Stefan Raditch, Croatian peasant leader, as it rested on a catafalque in the headquarters of the peasant party. Preparations are being made to receive 300,000 persons from all parts of Croatia who are expected to attend the funeral on Sunday.

## COMPLETE NEW YORK STOCK EXCHANGE REPORT

NEW YORK, Aug. 19. (AP)—Following is the complete closing list of today's transactions in stocks on the New York Stock Exchange.

[illegible][illegible][illegible]

Art  
Tabloid Editor: "Loafer Chases Children." That ain't a banner line. You gotta get heart interest into it. Just make it "Tiny Tots Flee Fiend."

### CHUCKLES from LIFE

If They Keep on Getting Nigger and Nigger

With the finding today of Quincy L. Simpson, of 6009 Canafford Road, the Bronx, by one of the parties searching for him, a tragedy was narrowly averted. As previously reported in the papers, Mr. Simpson, while attending the opening of the new Mammoth Motion Picture Palace, became entangled in the thick growth of tubers in the lobby and lost his way. Nothing was heard of him until yesterday, when he came upon a phone which had evidently been used by workmen while the theater was under construction. He immediately telephoned his wife, informing her that he thought he was somewhere in the vicinity of the pipe organ, as a faint volume of sound came to his ears. Dogs carrying food and drink were dispatched, and it is to these faithful animals that Mr. Simpson owes his life.

Mr. Simpson, who has the reputation of being very wealthy, states that he will endeavor to have a law passed compelling motion-picture houses to cut down every other tuber in order that patrons may see where they are going.

**The Cut-Up**  
A nurse: The head surgeon is awfully comical, isn't he?  
Another nurse: Yes, he has all the patients in stitches.

**Maddening**  
"How did Miss Talkative go crazy?"  
"She tried to have the last word with an echo."

**Census man: Married or single?**  
Caterer: Fifty-fifty.

The only cure for a business administration is to have one.

## Mountain Properties!

Looking for an attractive site to build a rustic mountain cabin? Would you invest in large acreage of timber land? All varieties of mountain properties are listed in the real estate section of Times Want Ads.

## Orchards and Groves!

Opportunities to derive a share from California's citrus industry are snapped up daily through Times Want Ads. Orange and lemon orchards, walnut groves, vineyards, in either large or small acreage.

## Farms and Ranches!

Vegetables, chickens, stock, dairy ranches—you have everything to choose from in the extensive listing that appears in Times Want Ads.

## Desert Lands!

The lure of the Southern California desert as a place for winter homes is bringing a variety of desirable properties on to the market. Times Want Ads list the best of these, together with other desert properties for mining and irrigation.

## Country Estates!

Charming places within easy distance of the city, in canyons, in valleys, along the foothills, or along the seashore. Hunting grounds or lake properties. Ideal sites for home-building, in a region unsurpassed in climate and scenery.

[Country real estate of every description is listed in Times Want Ads, including oil lands, mining properties, government lands. The Los Angeles Times prints more real estate want ads than all five other Los Angeles newspapers combined!]

# DENIALS ISSUED IN ROMOLA CASE

Real Estate Commissioner Explains Stand

Company's Trusteeship Only Point Disputed

Citrus Project Finances Held to be Satisfactory

State Real Estate Commissioner Barnum yesterday denied that his department is apprehensive over the financial soundness of Romola, Inc., a \$4,000,000 company exploiting Salt River Valley citrus land in Arizona or questions the ability of the company to deliver clear title to the land it is selling.

The commissioner's statement was made following publication yesterday morning of a dispatch from San Francisco in which R. C. Harrison, deputy real estate commissioner, was reported, among other things, to have declared that the company will be forced to reorganize its finances and cease using Commissioner Barnum's name on its stationery and in sales literature. He also is quoted as saying: "I am not certain that the company at present can give clear title to the land it sells."

**TRUSTEESHIP IN DOUBT**  
"The department has no fault to find with the financial status of the Romola company," said Commissioner Barnum, "but with the project. The land is good, the climate favorable and the soil is good. The department is not quite satisfied with the trusteeship but we believe

# BURGLARS GET COSTLY FURS

Furs valued at more than \$2000 were obtained by burglars who broke into the Goodrich Fur Company shop yesterday morning, according to a police report. Entrance to the shop was effected through the front door. A glass panel was smashed

and the lock turned from the inside, detectives stated. Miss Peggy McLeod, proprietress of the store, according to the police, listed in the loss an ermine coat, a seal coat and three fox neck-pieces, one of them a black fox of great value.

It was contrary to my instructions, for all were informed that he had no official connection with the company and was serving only in an advisory capacity.

A conference between Commissioner Barnum, Burton Pitts, attorney for Romola, Inc., and Mr. Hursh was held yesterday afternoon in an attempt to remedy the features of the trustee arrangement to which the real estate department objects. Commissioner Barnum said his deputy in San Francisco had wired him he had been misquoted.

**REDUCTION OF WEIGHT DISCUSSED**

Nonstarch Foods With Sound Exercise Urged by Dietetic Expert

Weight reduction was the topic of the third dietetic lecture-demonstration given by Dr. Philip Leavelle yesterday afternoon in the assembly room of the Southwest Building, 130 South Broadway.

The foundation for weight reduction is through dietetic control, he declared, with exercise as the chief auxiliary. By exercise, he explained, that he does not mean the formal variety which most persons indulge in half-heartedly, but an appreciation of the art of sports and of the pleasure of play. Some types of baths are good and massaging machines are effective, but the last person's substitute for real enjoyable exercise, he said.

The principles governing the dietetic phase of reduction he described as the strict avoidance of starches and sugars. This doesn't mean unduly depriving oneself for there is no limit to quantity so long as the eating is confined to normal producing foods.

The reducing menu prepared yesterday consisted of fruit juices for breakfast, raw vegetable salad, baked apple and raisins for lunch, vegetable plate and rhabarb par-fait for dinner. Samples were passed to the audience during the lecture.

# LASKY ALLOTS STAR, DIRECTOR

Sue Carol Leaving for Europe Within Month; James Cruze Reported Signing With M.-G.-M.; Robert Armstrong Gets New Pathé Lead

BY GRACE KINGSLEY

He has been devoting his talents to the screen of late, but has just been engaged for a new part in Douglas Fairbanks' next picture, the sequel to "Three Musketeers." The role is that of Louis XIII.

Sue Carol has lately finished a comedy part in Al Green's production for Fox called "Making the Grade."

**United to Make "The Shot"**  
The making of a United Artists talking picture, based on "The Shot," one of the best-known stories by the famous Russian writer, Alexander Pushkin, is one of the latest studio plans announced by Wm. Fox, Jr., head of Fox Feature Productions, Inc.

Ray La Rouge is slated to appear in "The Shot," which will be made in the new sound stages now being constructed on the United Artists lot.

**Teddie Will Direct Menjou**  
Now that his most recent work, "Variety," is in the editing room, Frank Tuttle, director, is about to start on his next picture, "The Menjou," which will be made in the new sound stages now being constructed on the United Artists lot.

**Paramount Switches Leads**  
Important changes in leading ladies were reported yesterday from Lasky studios.

Ruth Taylor, previously cast to play the part of Alva LaPasse in "The Canary Murder Case," has been assigned to play the role of the ex-folies girl known as the Canary. The role was to have been played by Louise Brooks, but as she is scheduled to play, has been set forward by B. P. Schulberg, the change of assignments was made necessary.

**Chandler Sprague Returns**  
Returning from New York, where he went to confer with playwrights and producers regarding film-talking rights to plays, Chandler Sprague, editor of the scenario department for Fox films, had some interesting things to say about the "Owners of plays, including producers and authors, on Broadway have gone mad about the talking picture." "For a play that was a flop on Broadway several years ago, and the film rights to which could have been purchased at any time for \$1000, the owners are asking \$25,000. However, they are not so stupid as to let the picture go without a fight."

**Old players, too, who have not been out of the Lasky Club in twenty years are coming forth with the declaration that they want less than \$1000 a week in the talking picture.**

The art of talkie-movie writing is an entirely different thing from that of scenario writing, declares Sprague, who is writing the action part of "Behold That Curious Thing" which Eugene Walters is writing the dialogue.

**Tuttle Will Direct Menjou**  
Now that his most recent work, "Variety," is in the editing room, Frank Tuttle, director, is about to start on his next picture, "The Menjou," which will be made in the new sound stages now being constructed on the United Artists lot.
